IRIS

Bulbous Irises Our Specialty

Foreword

All stock inspected.

We do not substitute without permission. Make second choice.

Terms—Cash with order.

6 bulbs of one variety at dozen rate.

No order less than \$1.00.

Postage paid on all orders of \$2.50 and over.

We also grow Bearded Iris, and Kaempferi or Japanese Iris. Of the bulbous Iris, Dutch is the first to bloom.

DELPHINIUM

The famous "Wrexham" type is undoubtedly the leader of the delphinium family and we have chosen it as the basis of our "Wedgewood Hybrids".

All shades are represented in our collection, from deepest blues and violets to the most delicate mauves and lavenders. Some cream ones with bronze bee. Plum colored ones that are striking. An almost red one, and every shade of blue imaginable, with both light and dark centers.

Our plants are blooming from May first on through the summer, and are well worth a trip to our garden to see.

Growing these plants on such a large scale we can give you a complete range of colors; either double, semi-double or single flowers.

Selected as to color and form, guided by your preference
Field grown clumps (singles) \$1.00 and \$2.00 each.
Doubles \$3.00 and \$5.00 each.

Seedlings from August sown seed selected from finest plants only. Ready about March 15th. Selected Plants, \$.25, .50 and \$1.00 each.

Unselected\$2.00 doz.

Seed from finest plants, packet\$1.00

SPECIAL OFFER

When ordering send us the names and addresses of a few good prospective buyers and we will give you labeled gladiolus bulbs to the amount of 20% of all orders of \$2.50 and over.
